DETAILED ACTION

Response to Amendment

Applicant's arguments filed 9/16/05 have been fully considered but they are not persuasive. The response submitted by Applicants does not overcome the rejection made by Examiner in the last Office action.

Claims 43-46 are rejected under 35 U.S.C. 103(a) as being unpatentable over Chem Abstract 137; 217352.

The rejection is maintained for the reasons as stated in the last office action and for the following reason:

Note that the response and the Declaration filed under 37 CFR 1.1.32 on 9/16/05 have been fully considered but they are not persuasive since the Declaration is insufficient to overcome the prior art because the instant application is filed by Applicants, Harry R. Allcock, Michael A. Hofmann, Catherine M. Ambler and Andrew E. Maher; with others such as Richard M. Wood and Daniel T. Welna.

Claims 43 and 46 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 43 and 46 are indefinite in the use of the term "tetrahydropyranl" to define THP. It seems that is a typographical error. The claims should be amended.

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP

Art Unit: 1711

§ 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
